

STOP

PRIVATE-FOR-PROFIT HEALTH CARE NOW IT WILL COST YOU YOUR LIFE ... SAVINGS !

Fight Back with Friends of Medicare Radio Campaign

On January 21, 2003, a group of concerned citizens calling themselves **FRIENDS OF MEDICARE** launched a radio campaign featuring activist/actor **Shirley Douglas**, actor **Kiefer Sutherland**, actor **Chuck Shamata**, and actor/Princess Warrior **Mary Walsh**.

The ads are a reminder to the general public that our cherished Medicare is in danger of being destroyed by politicians and bureaucrats determined to privatize and commercialize Canada's public health care system.

"My grandfather, Tommy Douglas, fought to bring Medicare to Canada and he always said we'd have to fight to keep it," says Kiefer Sutherland.

"Roy Romanow listened to hundreds of experts and thousands of Canadians in every province about Medicare," says Shirley Douglas. *"His solutions include providing Medicare the money it needs; requiring the provinces to be accountable; keeping Medicare public."*

The ads are being aired daily on radio stations in Toronto and Ottawa. A full-page ad will also appear in NOW Magazine on Thursday, January 30, 2003.

The message of the ad campaign is to:

- Tell Ernie Eves to STOP his attack on public health care.
- Tell Jean Chretien to Implement the Romanow Report NOW

Your call will make a difference !
